

## LE K2 COLLECTIONS GROUP SANITARY CHARTER OF COMMITMENT

In the current context, **your comfort** and **your health** are more than ever **our priority**.  
In response to the Covid-19 epidemic, our hotels are applying the health protocol dictated by the French government.

**To welcome you** in the **best possible conditions**, we are pleased to present our **Covid-19 Health commitment charter** which will be implemented in **our hotels** and **private chalets**.

The list is not exhaustive and subject to modification.

The Management of Le K2 Collections undertakes to guarantee the application and compliance of the sanitary measures in force in all our hotels.

We provide our customers with hydroalcoholic gel dispenser and masks as soon as they enter our hotels.

We respect new protocols for arrivals and departures of our guests.

Strict hygiene measures with daily disinfection of the rooms and keys with compliant equipment and using approved disinfectant products.

Reorganizing common spaces to guarantee the rules of physical distance.

We review the seating capacity in accordance with the sanitary measures in force and will offer dematerialized solution in all our restaurant and bars.

Our shuttle will be disinfected after each client.

Awareness and training of our teams in new health standards and barrier gestures.

We equip all our employees with personal protective equipment (masks and protective visors) and hydroalcoholic gel is made available to them.

We strengthen the good practice of hygiene rules by respecting the measures implemented in particular concerning the cleaning and disinfection of living spaces and regular common contact areas.

Every member of the Le K2 Collections Group teams is looking forward to welcoming you for the next winter season 2020/2021.
